

GETZNER

Vibration Solutions Pty Ltd

Leading German specialist in vibration isolation and protection seeks Australian business partner – Virtual meetings available from 24th – 27th November 2020

Company Profile

Getzner is a leading specialist in the field of vibration isolation and protection. Getzner was the first company in the world to effectively solve vibration engineering challenges using polyurethane materials. Getzner deploys its many years of experience to meet the needs of customers all over the world. Its Sylomer®, Sylodyn®, Sylodamp® and Isotop® products were all developed and manufactured at Getzner's own facility. They are used in the rail, construction and industry sectors to effectively reduce vibrations and noise. These high-performance elastomers can improve the service life and minimize the need for maintenance as well as repairs on tracks, vehicles, structures and machines.

Products / Services

- SYLOMER®
- SYLODYN®
- SYLODAMP®
- ISOTOP®

Competitive Advantage

- 50 years' experience
- Calculation and efficacy forecasts
- Material and system tests
- Customer-specific developments/solutions
- Drawing up installation plans
- Instruction on the building site
