# Our products

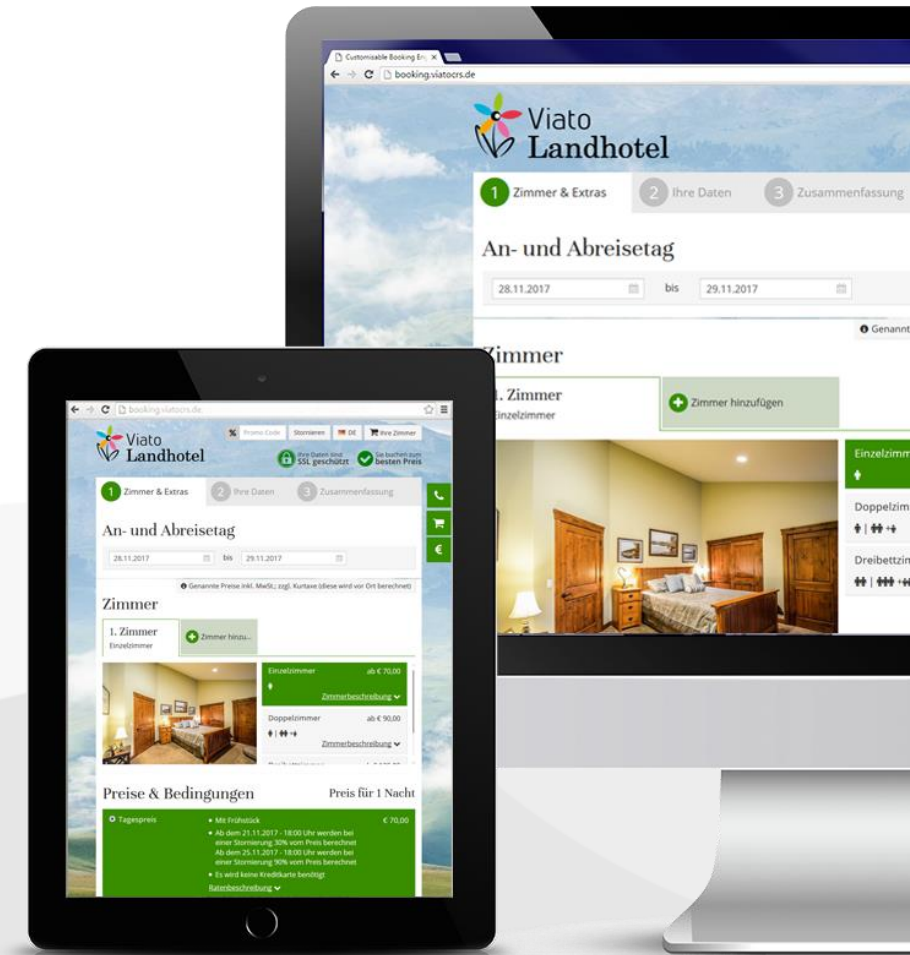

# Channelmanager

- A better visibility on the internet
- Prevents overbooking
- Reduces daily maintenance to a minimum thanks to centrally-managed portals
- No transmission errors caused by manual data import
- Automatic booking backhaul
- Daily splitting options for rates and portals
- Taskmanager: automated adjustment of your prices and restrictions
- Excellent support by the competent staff

# Customisable Booking Engine (CBE)

- Commission-free
- Sales of additional services
- Input of booking codes
- Link to payment providers (e. g. PayPal)
- Pricecheck – price comparison of booking portals on your website
- Responsive Design – accessible at all times on mobile devices and desktop PCs
- Adapted to meet the needs of the hotel type, not just in the colour scheme

# Thank you!
