Food Innovation Program

ABOUT

The Food Innovation Program is a 12 months II level University Master Course that explores and identifies critical technologies for shaping food chain.

Founded by the **Future Food Institute of Bologna (FFI)**, the **University of Modena and Reggio Emilia (UNIMORE)**, and the Institute for the **Future in Palo Alto, California (IFTF)**, It is offered to 20 international participants who aim to better the world through food.

The foundation of Food Innovation Program rests on *design thinking*, *cross-pollination*, *prototyping* & *teamwork* with innovation challenges, entrepreneurial mentoring led by top managers, entrepreneurs, policy makers, innovators and opinion leaders.

Speaking about Digital Days...

*Simple – *Fast – *Powerful

Step 1 - Ideas

- Add your Ideas and thoughts, one at a time.
- As many as you like.
- no Idea will be lost – every voice is heard.

Ask yourself - Ask your Group - Ask the World!

Stage 2 - Adjudication

- Think as a Team – Every idea is Considered – Every Risk Evaluated – Every Opportunity Understood
- Consensus and Planning on a Colossal Scale – in just minutes.

"QIARK is very innovative and will fit well into the "Let's make a smarter planet" initiative."
