

**Making our cities smarter**

A community driving the Smart City movement

## What we do?

We are constantly driving  
the change for a better  
urban life

We **simplify innovation** and **implementation** processes with our platform and its embedded automated services, and we guide the transition with our advisory services.

No matter your role in the **Smart City** movement, if you share the same **drive for solving urban challenges**, we are here to collaborate and find the best ways to improve **urban life** together.

## How we do it?

We are constantly driving the change for a better urban life

- We build a smart and connected platform that gives cities and companies a unique set of information for facilitating change.
- We create automated services that simplify.
- We offer advisory that guides transition.

## BABLE Platform

Launched at the Morgenstadt Meeting in Porto, 2017

**1.000+ Users:** We are over 1.000 enthusiasts for the transformation of the Urban Life.

**45+ Cities:** Over 45 Cities from 30 different countries are members @BABLE.

**100+ Companies:** More than 100 companies offer their innovative products.

**30+ Project Leaders:** Over 30 European Projects are part of our community.

## Online Toolbox

Smart City experts develop diverse digital tools for a simple assessment

Our online Toolbox is a special place in our platform, where innovative tools can be used as supporting services for urban transformation.

One example is the **SolView** Tool.

## Our unique approach

Linking cities and companies via neutral solution bundles

### For cities

- Competence Building and Workshops
- Smart City Vision and Strategy Development
- E-government support
- Implementation Process – CREATE

### For companies

- Smart City Training
- BABLE Toolbox
- Product Analysis
- Tender Analytics
- Use Cases Package

An aerial photograph of a city street, likely in Paris, showing a wide boulevard lined with trees and flanked by dense urban buildings. A semi-transparent white rectangular box is overlaid on the left side of the image, containing the text 'BABLE projects' and 'Examples of partnerships in action'. In the bottom left corner, there is a white arrow pointing right, followed by the word 'BABLE' in white capital letters.

# BABLE projects

Examples of partnerships in action

## SPARCS

Sustainable Energy  
Positive and Zero  
Carbon Communities

**SPARCS** is a Horizon 2020 funded project that brings together 30 partners from 8 European countries with the aim of demonstrating that the **Urban Energy Transformation** of cities into **carbon neutral** communities is **socially and economically viable**. **BABLE** is supporting the consortium by:

- **Capturing Use Cases from Leading Cities**
- **Developing packaged, neutral solutions**
- **Project Development in all 7 cities**
- **Certified Professional Training**
- **Joint Procurement of Innovation Pilot**

# Innovation Roadmap

Focused on carbon-saving  
technologies

After declaring the **climate emergency** in 2019 and the goal of becoming **CO2 neutral** by 2050, the city of **Leipzig** is quickly progressing with its **sustainable and positive energy** agenda.

**BABLE** is supporting the city with the development of a preliminary **scale-up roadmap** and **investment analysis** of pilot and demonstration technologies supplying electricity and heat in Leipzig. The roadmap will identify the required milestones for **CO2-reduction**, and the **best-integrated energy systems** to support the transition to achieve Leipzig's 2050 target.

## Smart City Training

With a focus on developing  
a National Smart City  
Strategy

BABLE has been commissioned to support the Turkish National Government to develop its **Smart City Strategy** through **online trainings** and **workshops**. The training included live webinars, a summary document, Q&A and further reading materials. It contained the following modules:

- Introduction to the concept of Smart Cities,
- Smart City Policies,
- Smart City Implementation Strategies,
- Financing Smart Cities, and
- Open Standards.
