Undergraduate (BA) student: ☒

Graduate (MA) student: ☒

Reference:	Kitov.ai – Software Engineer
Company Name:	Kitov.ai
Company Type: (Startup/Mature/...)	Startup
Location: (full address)	Hamefalsim 17 Petach-Tikva
Duration of stay: (min 2, max 6 months)	5-6 months

Company Description:

Kitov.ai is a dynamic and growing start-up company that develops an open software platform for planning and executing automated, robotic-based, visual quality inspection solutions.

Kitov's solutions are installed worldwide across various industries. As a company, we value team-work, collaboration, and a positive attitude.

We offer a great company culture, where everyone's contribution is valued and recognized, and we encourage learning and personal growth.

Job Description and Tasks:

Software Engineer - Intern

As an Intern Software Engineer, you will work in a team of experienced developers and gain hands-on experience with software design of complex systems in a Windows environment.

Essential Requirements:

- Experience in software development (could be through relevant academic projects)
- Strong understanding of Object-Oriented design and practice in C#, Java or a similar OOP language.

Advantages:

- Experience with developing software that runs in advanced manufacturing and robotic environments
- Experience with algorithm development, in the fields of Image Processing, ML, and computer vision
- Experience in front-end development using modern frameworks, such as React and Angular
- Knowledge and experience in C++
- Knowledge and experience with python or Matlab

We are located in Petach-Tikvah, close to the train station, and we offer a hybrid working model.

Remuneration Details:

Due to visa regulations a salary is not allowed.

We offer travel expenses to/from the office as well as pre-paid dining card (50 NIS per day) enabling ordering lunch, dining out or conversion to supermarket coupons.

Upon request we can help with advice on where to look for accommodation and connect with past interns that were part of the program.

We have had excellent experience with this program in the past and are firm believers that the objectives should be first and foremost the personal development of the interns as well as the cultural exchange that would occur, leaving ambassadors of good will on both ends.
