Reference:	*Reze – QA Engineer*
Company Name:	**Reze Technologies Ltd.**
Company Type: (Startup/Mature/…)	**Startup**
Location: (full address)	**Herzliya Pituach**
Duration of stay: (min 2, max 6 months)	**3-6 month**

Company Description:
We are a Retail-Tech startup that supports the sales of brands to top-global retailers web shops and stores (like Walmart, Bestbuy, Target, Mediamarkt/Saturn, Euronics, Obi etc.).

In the last years many consumer products have successfully been launched online first. These brands are now striving to get into the stores of top-global retailers. We are helping them to do so much easier and faster than ever before, by providing technology, enriched data and infrastructure through our platform that will go live in October with an immediate global reach and transactions.

If you are interested in being part of an early startup with experienced founders that aims to revolutionize the way that Multi-Trillion $ business is done, then let us know and join this exciting journey with us.

You will see and feel how it is to build a company from the ground up and experience the satisfaction of seeing your work being used and contributing to early success significantly.

Job Description and Tasks:
Setting up, maintaining, and executing test flows of the company's platform.

Essential Requirements:
Q.A. background (TestRail familiarity is preferable)

Remuneration Details:
Due to visa regulations, a salary is not allowed.
We will contribute IL500/month for lunch & transportation
