The origins of the Coffee Processing Company "Asdrúbal López" ALTOSERRA began on 23, 1960 with the corporate name of transporting, processing, storing and marketing all the coffee collected in the provinces of Holguín and Guantánamo, destined for Export and National Consumption .

ALTOSERRA processes for export all the coffee from the Nipe-Sagua-Baracoa mountain solid and part of that produced in the Sierra Maestra, both located in the easternmost region of the country, with excellent weather conditions and soils auspicious to growing coffee, from great natural beauty, with heights ranging between 450 and 800 meters above sea level and average temperatures of 26 °C.

Our leading product, Green Coffee Beans, has maintained a presence in the international market for more than 60 years thanks to the care of the cultivation, the quality reached for its benefit in the region, the solidity and professionalism of the staff with more than 20 years of experience as an average in activity and the introduction of continuous improvements in our processes, committed to caring for the environment.

We have a corporate image, whose base element is the Commercial Name ALTOSERRA, thus giving its own identity to the coffee production of the Cuban high east.

Good Cuban coffee is born in ALTOSERRA, in the heart of the Guantnamo mountains.

We implement an Integrated Management System that encompasses the ISO standards for Quality NC ISO 9001: 2015, Food Safety NC ISO 22000: 2018, Environmental Management NC ISO 14001: 2015 and Safety and Health at Work NC ISO 45001: 2018, this Integrated Management System is applicable to each of our processes, with the scope of guaranteeing the Collection, Processing and Marketing of coffee beans.

ALTOSERRA manages the attention and promotion of agricultural development and uses agricultural practices that reduce the use of natural resources, which is materialized in the different forms of agricultural production located in these territories, through the development of the all system of coffee plantations, cocoa, exotic fruits, vegetables and various crops.

We have in our business portfolio other agricultural products such as: Cocoa in Beans, Vegetable Charcoal from Marabú and Mixtures, Mango, Persian Lima, Bomba Fruit, Banana Viand, Malanga, among others.

Currently, "ALTOSERRA" executes Foreign Trade Operations related to the Import and Export of Agricultural Products, Raw Materials, Supplies and other consumer goods.
