

KYIV RYSING

Invaluable Resource on Ukraine - free eBook available to download

Atrocities are piling up across Ukraine. Although Russia's war against Ukraine is ravaging the country, there is still a glimpse of hope. And this hope comes from [Kyiv Strategy Consulting](#), one of the largest management consultancies in Ukraine with German leadership. Over the past several months, a team of 130 business consultants, in collaboration with 60 external subject matter experts and advisors from Ukraine and abroad, has developed [KYIV RYSING](#), the most impressive compendium of facts about contemporary Ukraine, its citizens, and their aspirations for the future.

[KYIV RYSING](#) is an independent pro bono consulting project made in the form of an exciting and inspiring eBook that is available for free download. The book sheds light, inter alia, on the prerequisites of the ongoing war, the current state of affairs in Ukraine, as well as investment opportunities the country harbours. Condensed into 425 pages, it looks at Military, Social, Economic and Environmental domains. It speaks through facts and figures as well as the voices of real people: from well-known public figures to health care workers and taxi drivers, whose unwavering dedication to the good of the commonwealth reflects the will and energy of the entire nation.

A remarkable number of opinion leaders contributed to the book by sharing their invaluable insights in the form of interview:

- **US-General David H. Petraeus**, former CIA Director;
- **Dr. Serhii Chervonopyskyi**, Chairman of the Ukrainian Union of Afghanistan Veterans, Lieutenant General, Hero of Ukraine;
- **Dan Rice**, Special Advisor to the Commander in Chief Ukraine Armed Forces;
