Reference:	Soltell – Biz Dev
Company Name:	Soltell Systems
Company Type: (Startup/Mature/...)	Startup
Location: (full address)	Arena compund, HaShunit st 2, Herzliya Pituach
Duration of stay: (min 2, max 6 months)	2-3

Company Description:

Soltell is an energy-tech startup established in 2019, which develops and provides solutions for smart decentralized energy management. The company operates in Israel and the EU.

Job Description and Tasks:

Bizdev internship and project management – setting up and executing a professional online webinar in collaboration with other organizations and companies in H1 2022. The intern shall be guided by the CEO and work with company's representatives and partners abroad to co-organize an online international webinar event. The intern shall also be exposed to company's activity and experience an immersive startup culture in the Herzliya's Hicity Innovation Center.

Essential Requirements:

BA or MA student for business or technical+business degrees. A technical background (academic or work experience) would be preferred. The intern shall be interviewed by the CEO and in case of mutual consent to participate in Soltell's internship program will be required to submit a preliminary internship plan prior to his arrival (2 pg.).

Remuneration Details:

Due to visa regulations a salary is not allowed.

Soltell internship is hybrid, partially frontal and partially online. We intend to provide lunch in the office and can cover travel expenses (rav kav cost).
