12.20 pm Laura Scharlach, Head of Division German Energy Solutions Initiative, The Renewables Academy AG (RENAC) - on behalf of the German Energy Solutions Initiative, German Federal Ministry of Economic Affairs and Energy

Keynote: Energy Efficiency in Industry in Germany
12.30 pm Stefan Büttner, Institute for Energy Efficiency in Production EEP, University of Stuttgart

Keynote: Energy Efficiency in Industry in Canada
12.50 pm tbc

Short Video Presentations
01.10 pm

Panel 1 – Improving Industrial Plants – From Energy Management to Exhaust Heat and Waste Water

Panelists:

- 01.15 pm
1. Axel Weihe, CEO, Weihe GmbH
 2. Sudhir Kini, Project Engineer, Aprovis GmbH
 3. Behzad Aghababazadeh, Africa and Middle East Business Development Executive, Envidatec GmbH
 4. Canadian speaker
 5. Canadian speaker

01.50 pm Coffee Break

02.00 pm **Short Video Presentations**

Panel 2 – AI and Analytics – an Optimal Solution for Industrial Machines and Processes?

- 02.05 pm
1. Britta Hilt, Managing Director, IS Predict GmbH
 2. Dr. Günther Hoffmann, Co-Founder and CEO, LexaTexer
 3. Tania Schulze, Business Developer, Industrial Analytics IA GmbH
 4. Canadian speaker
 5. Canadian speaker

02.40 pm Coffee Break

02.45 pm **Short Video Presentations**

Panel 3 – New Technologies - Increasing Energy Efficiency in the Agricultural and Food Industry

- 02.50 pm
1. Alfred Schulze, Engineer, StrawTherm
 2. Canadian speaker
 3. Canadian speaker

Closing Remarks

03.25 pm Nadine Melcher, Department Manager Projects and Market Development, CGCIC

03.30pm End of Conference
