

# SOUTH PACIFIC PASSIVE HOUSE 19

## CONFERENCE & TRADE SHOW

8-10 February 2019, Wellington, Victoria University Te Aro Campus

The Passive House Institute New Zealand, a charitable trust, is delighted to bring the 5<sup>th</sup> South Pacific Passive House Conference back to New Zealand.

The conference will be delivered in co-operation with the Australian Passive House Association and Victoria University, Wellington.

Previous South Pacific Passive House Conferences, held in Auckland, Melbourne (twice) and Christchurch, were attended by delegates from the Pacific Rim and Europe. The capital is the ideal place to continue the story in 2019.

The conference is the premier gathering place for designers and trades with an interest in high-performance buildings. If you are manufacturing or selling products for energy efficient buildings, there is no better way to reach your target audience. In addition, the trade show will be open to the public, and our venue is right in the heart of Wellington.

Support this conference in the following ways:

A pledge of \$3,500 (+GST) secures a place at the trade show, half a page of advertisement in the conference programme, and a mention as a sponsor on all marketing material and on the conference website, plus conference tickets for two delegates.

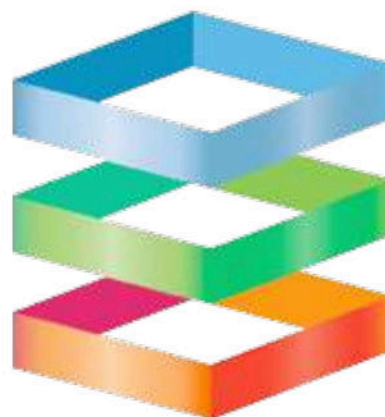

10 spaces available; > 200 delegates expected, see overleaf for layout and photos.

Ask us for bulk purchase of conference tickets, or tickets to the Passive House Primer, a one day introduction to high performance buildings! More on the conference:
