# DUAL VOCATIONAL TRAINING

Vocational Training Model  
According to the  
German DIHK - Standards

Supported by:

on the basis of a decision  
by the German Bundestag

## DUAL VOCATIONAL TRAINING MODEL ACCORDING TO DIHK STANDARDS IN VIETNAM

### The Delegate of German Industry and Commerce in Vietnam (GIC/AHK Vietnam)

- GIC/AHK Vietnam is the unique institution which consults, coordinates and controls the quality of dual vocational training programs according to the standards of the Association of German Chambers of Commerce and Industry (DIHK) in Vietnam.
- The aim of GIC/AHK Vietnam is to support the development of skilled and qualified human resources for the companies in Vietnam through this future-oriented, high-quality dual vocational training model as well as sustainable development for the labor market in Vietnam and improve the quality of the vocational training program.

### Dual Vocational Training

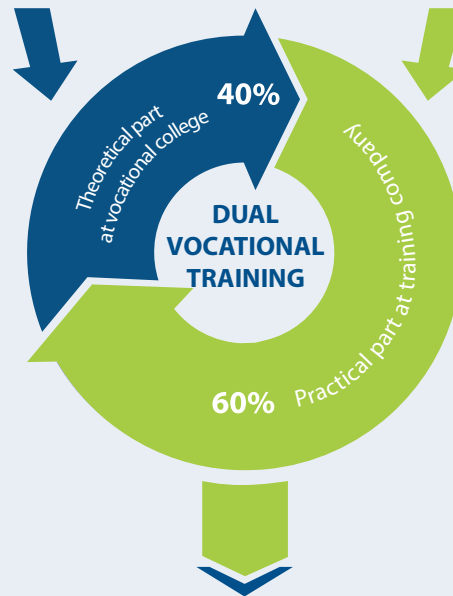

- The dual vocational training program combines the theoretical part of the apprenticeship at Vietnamese vocational colleges and universities (appr. 40% of the training time) with a practical part at the training companies (appr. 60% of the training time).
- The training process and quality assessment are in accordance with the stringent standards of the DIHK. After graduation, the students will be handed DIHK/AHK Vietnam Certificate (GIC/AHK Vietnam).

### Value Added

- Apprentices get the opportunity to learn theory and collect practical experiences during the apprenticeship.
- Apprentices get the insights of the professional working environment as well as the specific job right in the process of vocational training.
- The training company guides and trains the apprentices directly and supports them to find their orientation and to strengthen necessary skills.
- The training content is based on the German dual vocational training program.
- Apprentices receive DIHK/AHK Vietnam Certificate from the GIC/AHK Vietnam after successfully graduation.
- Apprentices get monthly salary as well as company benefit.
- No additional tuition fee for German dual vocational training program of DIHK for apprentices.
- Graduates get the opportunity to get permanent job at the company after graduation.

- Based on German vocational training curriculums
- Training of basic and specialized knowledge
- Mandatory contents of the vocational training

- Based on German vocational training regulations
- In the frame of the apprenticeship contract between apprentice and training company
- Practice directly at the working place

- Taking place at two locations with complementary program
- Based on the vocational training curriculums of Germany and Vietnam
