Assignments worldwide

Senior Experten Service (SES) is Germany's leading volunteering organisation for experts and executives who are either retired or taking some time off work (Weltdienst 30+).

Since 1983, the non-profit organisation has been supporting the voluntary transfer of knowledge and experience worldwide.

Senior Experts mainly work in Africa, Asia, Latin America, East and Southeast Europe, but also in Germany.

A boost for the future

SES provides expert knowledge to boost sustainable economic and social development. SES assignments strengthen local skills – across sectors and industries.

Assignments have an average duration of four to six weeks. SES undertakes the preparation, you bear the assignment costs. In special cases, SES receives funds from the German Federal Government to solve financing problems.
