

Grant Anderson

Northern Manager at
STIEBEL ELTRON New Zealand

Grant Anderson has 12 years' experience working with High Performance homes and Passive House projects. He spent 10 years with Fantech who are commercial fan manufacturers where he became the National Manager. After completing the Certified Passive House Designers course in 2013, Grant has been involved in the Passive House community ever since. Grant has advised and supported various groups on Ventilation best practice including NZGBC.
