

Manfred Dittmer

Country Manager Germany at
Parkwind

Since 2019, Manfred is Country Manager Germany for the Belgian offshore wind farm operator Parkwind. Parkwind will build and operate the offshore wind farm ARCADIS OST 1 in the Baltic Sea and operate it. In addition to this role, Manfred is Executive VicePresident of the World Forum Offshore Wind. Previously, Manfred was instrumental in building DONG Energy's offshore wind division in Germany as Head of Regulatory Affairs & Strategy. During his time at DONG, the project portfolio grew from one to a total of eight offshore wind farms in Germany. As a representative of the company to key stakeholders from politics and administration as well as in the associations, Manfred successfully established the company in the German market.
