

Canadian German Conference on Alternative Fuels from Renewable Energies

July 5, 2022

12:30 pm – 4:00 pm (EST)

09:30 am – 1:00 pm (PST)

18:30 Uhr – 22:00 Uhr (MEZ)

12.30 pm	Login
12.32 pm	Welcome Nadine Melcher, Department Manager Projects and Market Development, CGCIC
12.40 pm	Welcome Ontario Ana Maria Suknovic, Senior Account Executive, Trade Policy, Industry and Investment Division, Ministry of Economic Development, Job Creation and Trade
12.45 pm	Welcome Quebec Mathieu Payeur, Directeur, Bureau du développement de l'hydrogène vert et des bioénergies, Secteur de l'innovation et de la transition énergétiques, Ministère de l'Énergie et des Ressources naturelles
12.50 pm	Presentation of Energy Solutions Initiative from Germany Laura Scharlach, Head of Division German Energy Solutions Initiative, The Renewables Academy AG (RENAC) - on behalf of the German Energy Solutions Initiative, German Federal Ministry of Economic Affairs and Climate Action
12.55 pm	Biogas and Alternative Fuels in Germany Dirk Bonse, Head of Department "Renewable Gases", German Biogas Association
01.10 pm	The Canadian Biogas and RNG Market Jennifer Green, Executive Director, Canadian Biogas Association
01.25 pm	Biomethane – Alternative Fuel from Organics Boris Dold, Project Manager, Biogas Hochreiter GmbH
01.32 pm	101: How to clean gases for Fuel Cell use? Christopher Otto, Manager International Sales, HeGo Biotec International GmbH
01.39 pm	Upgrading Non-Recyclable Waste to Renewable Fuels Matthias Schmidt, Director, Business Development (Europe), Enerkem
01.46 pm	Holistic, direct utilization of vegetable oils for an environmentally friendly supply economy Juergen Runkel, CEO, Handelshaus Runkel

01.53 pm	Bio-Coal - A Global Product for a Global Solution Sonia Shoukry, President & CEO, Global Bio-Coal Energy Inc.
02.05 pm	<i>Short Coffee Break</i>
02.15 pm	Hydrogen Technologies Market in Germany Luisa Boll, Programme Manager International Partnerships, NOW GmbH National Organisation Hydrogen and Fuel Cell Technology
02.30 pm	Hydrogen Technologies Market in Canada Ivette Vera-Perez, President and CEO, Canadian Hydrogen and Fuel Cell Association (CHFCA)
02.45 pm	Hydrogen and its usage in the transportation sector Julian Molz, Business Development Manager, Enapter GmbH
02.52 pm	Hydrogen & Fuel Cell products - a Sustainable Power Solution Readily Available Philippe Laniel, Sales Manager Eastern Canada, SFC Energy AG
02.59 pm	Presentation Electrolysis and Fuel Cell Samaneh Shahgaldi, Professor and Canada Research Chair Tier II, Chemistry, Bio-Chemistry and Physics Department, University of Quebec à Trois-Rivières
03.06 pm	Using the hydrogen derivative methanol for market-ready e-fuel production technology Dr. Rene Stahlschmidt, Head of Sales, CAC Chemieanlagenbau Chemnitz GmbH
03.13 pm	What is biomethanation, and how can it help Canada decarbonize its natural gas grid network? Arianne Bhérier-Breton, Sales Manager, Electrochaea
03.20 pm	Building Hydrogen Regional Hubs in Quebec Philippe Tanguy, Chief Strategy Officer – Quebec, HTEC
03.27 pm	Hydrogen Vessels & Fuel Stations Peter Marcus, Member of the Advisory Board, Ingenieurbuero Hofmann
03.34 pm	Closing Remarks Nadine Melcher, Department Manager Projects and Market Development, CGCIC
03.36 pm	<i>End of Conference</i>
03.36 pm -04.00 pm	Networking
