

TVET@AHK Egypt quarterly review January till March 2020

Ghabbour Brothers Schools Mid-term Examinations

In January the examinations started for Ghabbour Schools – Imbaba, Alexandria and Kafr ElZayat. AHK has examined 261 apprentices in five days in three different subjects (Mechatronics, Paint and Body). The theoretical examinations were on 19th of January 2020 for the three schools and the following 4 days were the practical examinations for the apprentices in the three schools. To examine the apprentices, AHK has relied on 40 independent external examiners to work on the stations for practical examinations and in the examination rooms for the theoretical exams to ensure professionalism and transparency in the process.

TVET Workshop on 28th of January @ AHK premises

A presentation about National Academy for Science and Skills' activities was delivered by Mr. David Nabil, Head of Business Development and Enterprise Support of NASS Academy to our members and network during the Technical and Vocational Education and Training (TVET) workshop. NASS Academy provides services to companies as well as individuals, whereas it offers to the former programs and training to develop innovative, production-focused, human resource solutions that assist them in their growth and development. As for the latter, it delivers programs that identify the most relevant market needs and designs for them the relevant qualifications programs that opens paths for growth and development for motivated individuals.

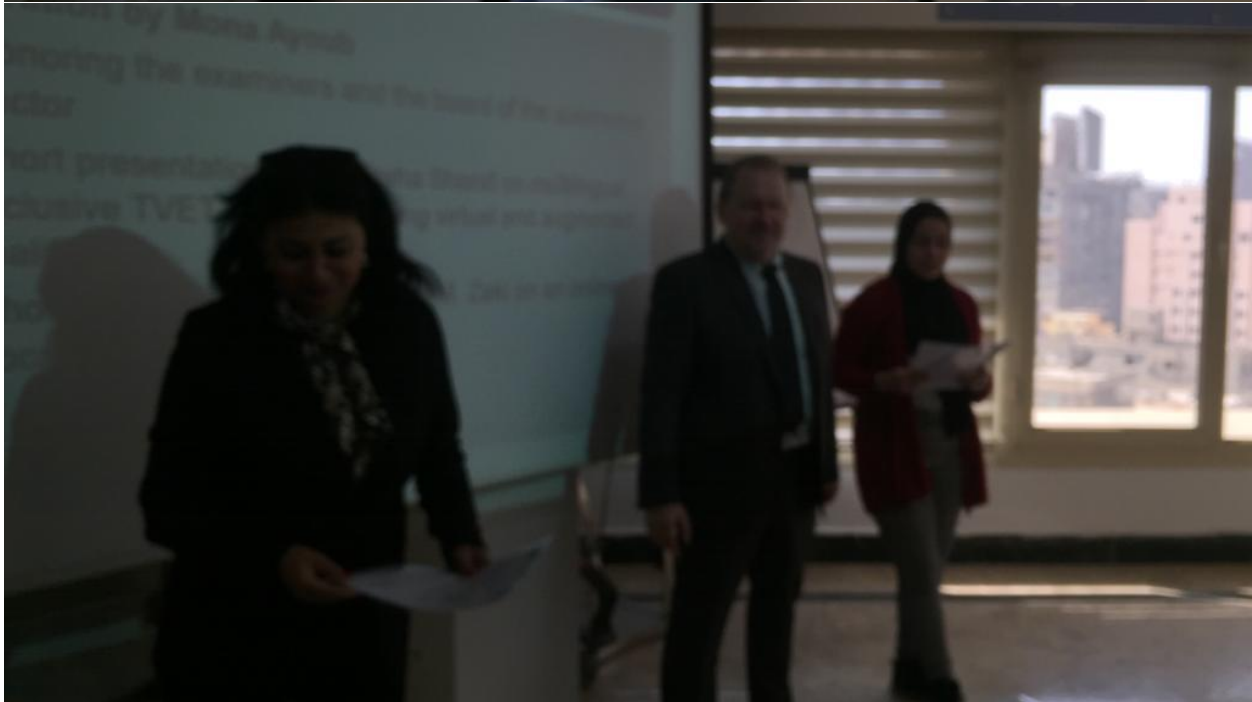

TVET Committee Panel Discussion on 30th of January

The first quarterly TVET panel discussion revolved around the future perspectives of TVET Key Stakeholders MoETE, TVET Egypt, GIZ and Wise. The panel was meant to inform the audience about the future TVET activities and programs of the invited Key Stakeholders and introduce their plans for 2020 and onwards. The honorable speakers at the panel discussion were Mr. Lars Fiechel, Enhancement of the Egyptian Dual System (EEDS), Head of Project, Strategic Alliance on “Occupational Training in Egypt”, Senior Project Manager in addition to Mr. Walid Qorish, Technical Lead, Private Sector Programs, Workforce Improvement and Skill Enhancement (WISE) Project, USAID Funded Project. Also Prof. Mohamed Megahed, Vice Minister for Technical and Vocational Education and Ms. Shoroke Zedan, Executive Director of TVET Egypt.

GEVET Board Meeting on the 2nd of February @ AHK premises

The GEVET meeting was jointly moderated by Ms. Mona Ayoub, Head of TVET Department at the AHK and Mr. Uwe Wieckenberg Chairman of the GEVET Board. In this meeting the examiners, the Automotive Executive Committee as well as the Automotive Executive Board were honored for their work. That was followed by a short presentation of Dr. Rasha Sharaf on multilingual inclusive TVET e-modules using virtual and augmented reality in addition to another

short presentation of Dr. Ahmed M. Zaki on an online vocational platform.

AHK Presentation on 25th of February @ Education Industry Digitization

AHK Egypt had the pleasure of presenting its ideas and work in the TVET sector at the International Conference on Education Industry Digitization and the Employment of Human Resources in the 21st century. Ms. Mona Ayoub, the Head of the TVET Department held a presentation titled AHK Egypt Partners in TVET for the AHK. This presentation was followed by a presentation held by Mr. Uwe Wieckenberg, the Chairman of the GEVET Board at the AHK about the Digitization in the field of technical education using a case study from Egypt.

Second Quarterly TVET Committee Meeting on the 3rd of March @ AHK premises

On 3rd of March the second quarterly TVET committee meeting took place. Five honorable representatives from different renowned foundations in Egypt took part in a panel discussion, where they discussed their role in promoting technical education and vocational training.

The representatives were Eng. Aleya Serageldin from Ghabbour Foundation, Ms. Nermeen Abou Gazia from Al Alfi Foundation, Dr. Aly Abdelaty from Misr El Kheir Foundation, Ms. Manal Hassan from El Sewedy Foundation and Ms. Mays Abouhegab from Sawiris Foundation. The panel started with greeting words by Mr. Walid Qorish, Chairman of the TVET Committee and ended with the panelists answering questions regarding their work within the TVET sector after presenting their scope of work. They mainly talked about their lessons learned, their visions and how they see their future sustainability of their projects in addition to the challenges they faced in the past.

Second TVET Workshop on the 10th of March @ AHK premises

On 10th of March the second TVET workshop took place in the AHK. The workshop was held by the GIZ to present their project developpp.de that creates development partnership for the private sector. The three honorable representatives from the GIZ were Mr. Stefan Müller-Christmann, Project Manager developpp.de, GIZ Ms. Mariam Walid, Advisor for Capacity Development and Partnerships, Strategic Alliance on Occupational Training in Egypt, GIZ and Mr. Tarek Abulzahab, Contribution Manager for the DeveloPPP.de Strategic Alliance on “Occupational Training in Egypt”, GIZ. The GIZ representatives discussed the main criteria of the funding mechanism DeveloPPP and shared some of their success stories and accomplished projects in Egypt and other countries, such as their cooperation with Siemens on the Egyptian German Technical Academy
