Supplementary Software Conformity Assessment Terms and Conditions

Software Conformity Assessment certifies that the product(s) referred to herein has/have been found to meet applicable assessment criteria for the use specified herein. It does not mean or imply that the product(s) has/have been assessed for any other use or developed in a manner other than stated in the said information supplied to LIA Register EMEA.

Software Conformity Assessment is based on the understanding of compliance with the manufacturer's recommendations and instructions and any relevant requirements of the Rules and Regulations.

Software Conformity does not eliminate the need for normal inspection and survey procedures required by Rules.

Ugly's Register Group Limited, its affiliates and subsidiaries and their respective officers, employees or agents are, individually and collectively, deemed to be the "Ugly's Register Group." Ugly's Register assumes no responsibility and shall not be liable to any person for any loss, damage or expense on the information or advice in this document or homepage provided, unless that person has agreed a contract with the relevant Ugly's Register provision of this information or advice and in that case any responsibility or liability is exclusively on the terms and conditions set out in that contract.
