

Bawesh Singh

Technical Manager at
STIEBEL ELTRON New Zealand

Bhawesh is an Electrical Engineer from Germany with a passion for renewable energy. He worked at STIEBEL ELTRON in Germany for 5 years, where he was involved in projects providing renewable energy solutions across the African and Middle Eastern regions. His focus in New Zealand, where he has been working for the past 4 years as Technical Manager, includes designing ecologically and economically efficient energy systems for residential and non-residential projects. He has a strong affinity to hydronic heat pump systems for space heating and centralized hot water system integrating solar PV systems for optimal performance.
