#### SIGNIFICANT ACCOUNTING POLICIES

#### Reporting entity

German-New Zealand Chamber of Commerce Incorporated (the "Society") is incorporated under the Incorporated Societies Act 1908.

#### **Measurement Base**

The measurement base adopted is that of historical cost. Accrual accounting is used to match expenses with revenue.

The Society is not required to prepare financial statements that comply with generally accepted accounting practise and as a result has elected to prepare special purpose financial statements. These special purpose financial statements are intended for the Committee of the Society to assist them to assess the financial position of the Society and its results for the year. As a result, the special purpose financial statements may not be suitable for another purpose.

#### **Specific Accounting Policies**

The following specific accounting policies which materially affect the measurement of financial performance and financial position have been applied:

#### i) Foreign Currencies

Transactions in foreign currencies are converted at the New Zealand rate of exchange ruling at the date of the transaction. At balance date foreign monetary assets and liabilities are translated at the closing rate and variations arising from these translations are included in the Statement of Financial Performance.

#### ii) Accounts Receivable

Accounts receivable are stated at their estimated realisable value.

#### iii) Taxation

The Society is liable for taxation on all earnings except membership subscriptions.

#### iv) Fixed Assets

Fixed assets acquired are stated at cost. Depreciation has been calculated using the diminishing value or straight line methods using the following rates:

Furniture & fittings 20% DV Software 48% DV Computer equipment Leasehold improvements 33% SL Intangible assets 48% DV

## v) Goods and Services Tax

The financial statements have been prepared on a GST exclusive basis except for accounts receivable and accounts payable which are stated GST inclusive.

#### SIGNIFICANT ACCOUNTING POLICIES

#### vi) Leases

Operating lease payments, where the lessors effectively retain substantially all the risks and benefits of ownership of the leased items, are included in the determination of the operating surplus in equal instalments over the lease term.

## vii) Income Recognition

Operating revenue is recognised when the goods and services are provided. Membership income is recorded as deferred income when received, and is recognised as income on a straight line basis over the duration of the membership. Grants with conditions attached are recognised when the requirements of the conditions are satisfied. Grants that do not meet specific conditions are recognised as a income in advance at balance date until the conditions are met.

### **Changes in Accounting Policies**

There have been no material changes in accounting policies during the year.
