Erasmus for Young Entrepreneurs Global

**CONNECT WITH THE NEXT GENERATION OF EUROPEAN ENTREPRENEURS
AND BE A GLOBAL HOST ENTREPRENEUR**

ABOUT THE PROGRAM

Erasmus for Young Entrepreneurs (EYE) Global is a cross-border exchange program which gives aspiring entrepreneurs from Europe the chance to learn from experienced host entrepreneurs.

The EYE Global program supports the collaboration with host entrepreneurs based in **Canada, Israel, Singapore and the USA**.

BENEFITS

The exchange takes place for 1 to 3 months. By hosting a New Entrepreneur you will act as a mentor and help the aspiring entrepreneur to acquire the skills needed to run a small firm. As a host you will benefit from fresh perspectives on your business and get the opportunity to cooperate with foreign partners or learn about new markets.
