GERMAN MINING NETWORK

International mining and raw materials expertise for German companies

What is the German Mining Network?

A worldwide network connecting relevant institutions in the mineral resources sector in Germany and Competence Centres for Mining in resource rich countries to provide easy and one-stop access to and information about foreign mineral resources markets for German companies.

Why the German Mining Network?

... to allow rapid access to market information and direct contacts in relevant resource markets for German companies worldwide!

- provide support for sourcing minerals and metals internationally to improve sustainable long-term resource supply security
- Support access to international markets and business partners to boost German exports internationally

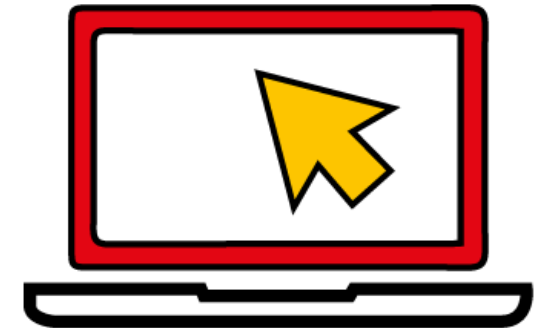

Opportunities for International Mining and Supply Companies

- Access to German companies and German technologies through the Competence Centres
- Publish innovation challenges and cooperation searches in monthly news ticker
- Fostering partnerships with German companies through country-specific offerings (business delegations, trade shows etc.) of Competence Centres

Resources

- Monthly news ticker with bundled information from the commodity markets
- Landing page with relevant contacts in Germany and abroad www.germanmining.net
- Event calendar with mining related events in Germany and internationally www.germanmining.net
- LinkedIn Page: German Mining Network
