One System. Best Solutions.

KBR means Quality from Germany

Type proofed quality

Certifications

Certified according to ISO 9001, ISO 50001, ISO 14001, Authorised Economic Operator (AEO) and Secure Aviation Certification for air freight (LBA) Type proofed quality (TSK, PTSK) and NRTL (UL)

Components for Power Factor Correction

Power capacitors, filter reactors and thyristor switches

Components for Power Factor Correction

Controller for every application, easy to use.

Power Factor Correction

Complete PFC solutions Cabinets and racks

Passive filter

Improve your Power Quality. PQ measurement device. Passive filter solutions.

Active filter

Improve your Power Quality. Active filter solutions.

DC-Link and Inductivities

DC-Link capacitors, Supercaps and Inductivities.

Measuring devices

LCD or TFT-Display, modular type, Class A, door or mounting rail installation, harmonics...

Maximum demand controller and more

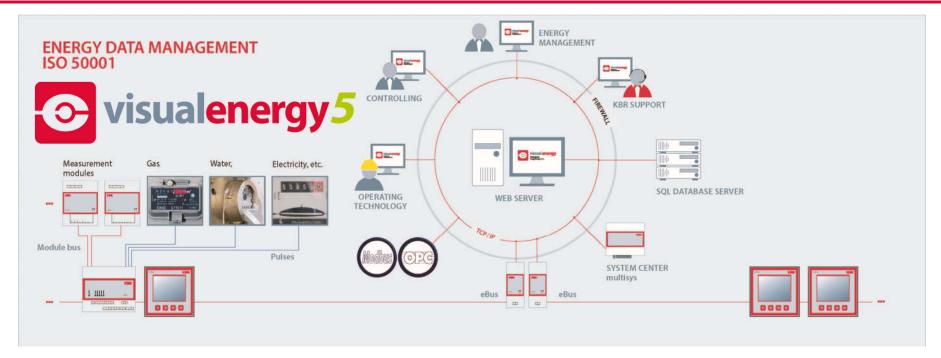

Maximum demand controller and different expansion moduls...

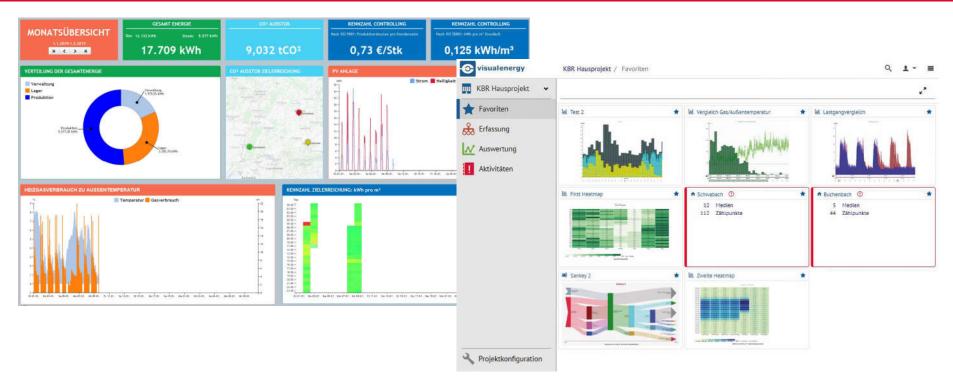

Electricity, Gas, Water, Power Quality....
One System – Best Solution

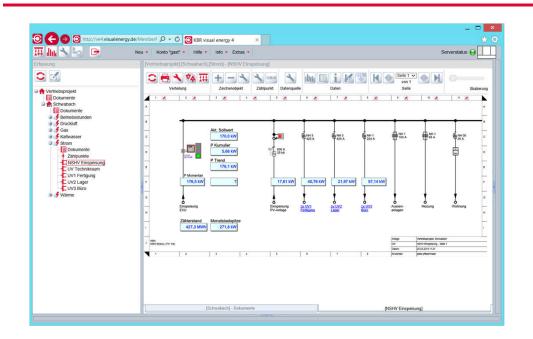

Own overview for every user.

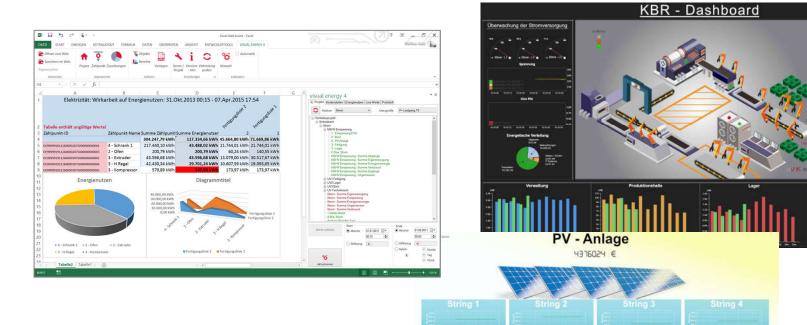

Single Line Diagramm for every kind of energy. Safe and credible Energy Data.

Dashboards, Workflows, Excel Add-In ...

KBR – Your partner for Power Quality and Energy Data Management
