

# Ausbildung der Ausbilder – International Full Version

The German trainer qualification for the Indian market

With the industry’s rapidly growing demand for skills, on-job training and apprenticeships have become an important investment in the future of businesses and a key component of human resource planning and development. However, effective training can only take place with qualified trainers. Not only do trainers need to be subject matter experts of their domain, they also need to have pedagogical, legal, organisational, psychological and methodology knowledge.

**The AHK train the trainer course “Ausbildung der Ausbilder” (AdA) – International (Full Version) prepares training professionals and team leaders for this challenging task. Based on the German Trainer Aptitude Act and adapted to the Indian framework, the unique concept enables participants to plan, prepare conduct and continually enhance successful training customised to your company’s specific skill requirements. An AdA certification is a quality seal not only for training professionals, but your entire organisation.**

## Your benefits of AdA – International (Full Version):
