

Virtual Conference on Water Technologies Greece, 17. November 2020

Gebr. Heyl Vertriebsgesellschaft für innovative Wasseraufbereitung mbH

Jan Talkenberger

Sales Director

Tel.: +49 173 154 77 30

E-Mail: talkenberger@heylnemeris.de

Companyprofile

- Product- and systemsolutions for tasks in industrial water purification and process monitoring

- Gebrüder Heyl Analysis-Technology, brand:  **GEBRÜDER HEYL**
Analysentechnik GmbH & Co.KG
Wasser ist unser Element

- 2009: Launch of brand: **NEOMERIS**
Extension of Heyl-Productportfolio with components and devices from other producers

- CEO Gebr. Heyl Vertriebsgesellschaft mbH, Hildesheim

Mr. Marc Osterwald

2008-today

- 20 Employees
- Turnover in 2019: € > 7.2 Million
- Equity ratio > 65 %
- More than 2.100 active customers annually

Companyprofile

- Adress: Max-Planck-Straße 16, Hildesheim, Germany
- DIN ISO 9001:2015 Certification
- GreenTec Award 2015
- Among Top 100 Innovators in Germany (2017)
- Servicepartnernetwork in D-A-CH Region
- Member of German Water Partnership

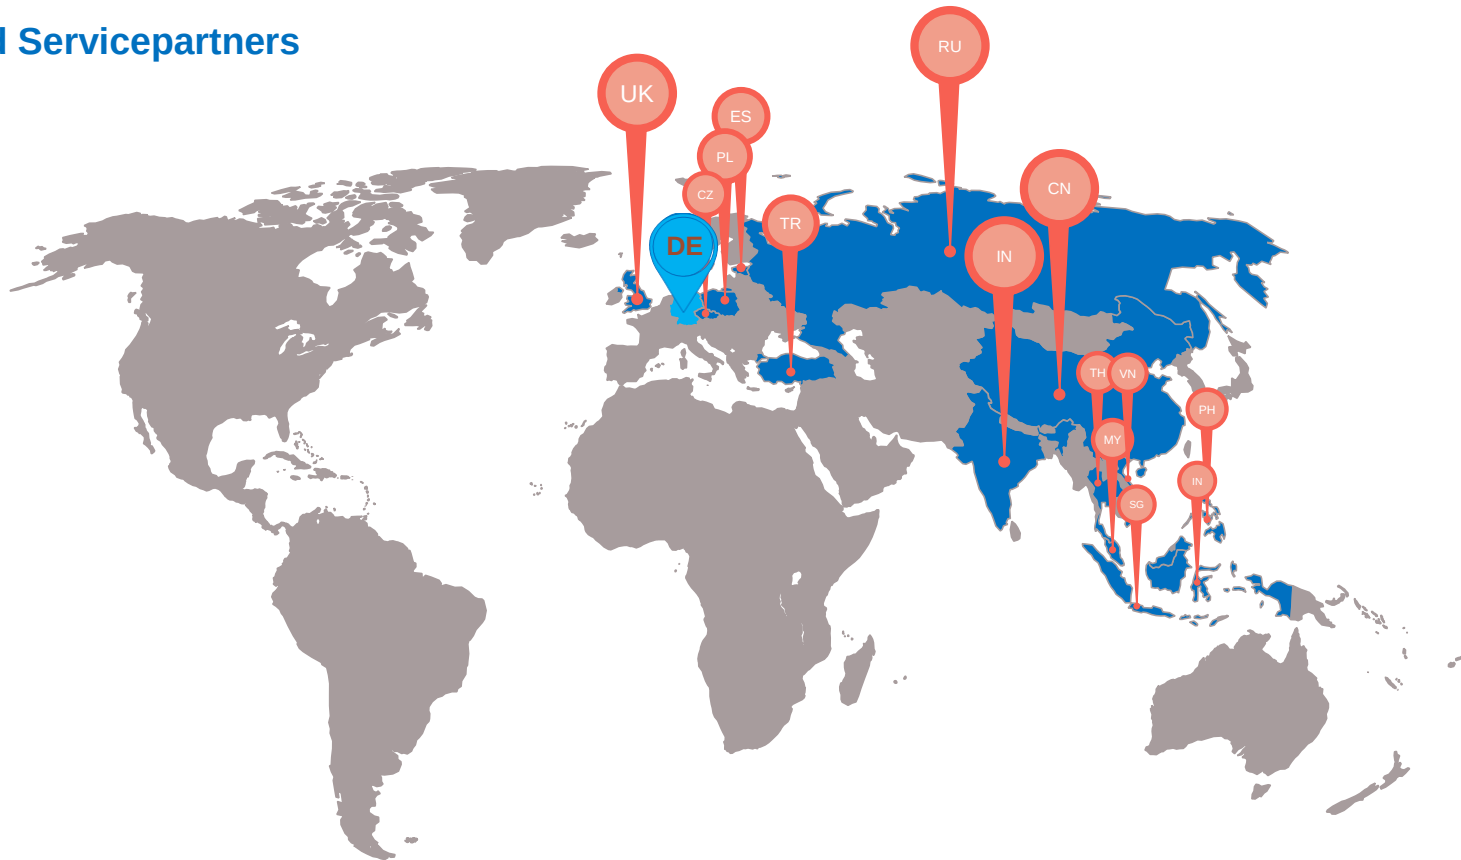

Global activities

Our location:

Gebrüder Heyl Vertriebsgesellschaft für innovative Wasseraufbereitung mbH,
Niedersachsen, Deutschland

Sales- and Servicepartners

➤ ONLINE–ANALYSIS DEVICES

For the automatic determination of water quality by titration, complexometric determination procedures and other recognized DIN methods:

- ✓ Water hardness
- ✓ Carbonatehardness, P-value, -m-value
- ✓ Free & Total Chlorine
- ✓ Bromine, Iron, Chromium VI
- ✓ Chlorine dioxide, Silicate, Sulfite, Orthophosphate
- ✓ Polymers

Testomat EVO TH

Testomat 2000 & Eco

Testomat 808 SiO₂

Testomat 808 SiO₂

➤ CONTROLLERS

Controller for Water-Softening

Controller for Reverse Osmosis

➤ ANALYSIS-KITS

- ✓ DUROGNOST – Limit value – Testkits
- ✓ DUROVAL Titrations – Quick-Testkits
- ✓ TESTOVAL Color comparison Testkits

➤ RESIN-SENSOR

- ✓ Resinsensor for monitoring of hardness breakthrough

NEOMERIS
SOFTWATER RS

➤ CONTROLLERS

- ✓ Water softening systems
- ✓ Cooling circuits or air washers
- ✓ Reverse osmosis systems

NEOMERIS Control

➤ MEASURING DEVICES & SENSORTESTKIT / REAGENTS

CONDUCTIVITY-
MEASUREMENT

NEOMERIS Select
pH, Redox & Cond.

NEOMERIS
Combi Tester

NEOMERIS Pocket

pH / ORP Buffer and
Conductivity
Calibration Solutions

Multiparameter-
Hand-
Photometer

➤ UV-TECHNOLOGY

- ✓ UV Professional Standard
- ✓ UV Professional Food
- ✓ UV Professional Pharma
- ✓ UV Professional TOC

UV-System

➤ OZONE-TECHNOLOGY

- ✓ Ozonegenerators for Laboratories
- ✓ Industry
- ✓ Water purification
- ✓ Ultrapure water disinfection
- ✓ Residual ozone destructor

Ozonegenerator

Residual ozone
destructor

➤ Gasmeasurement

Mobile Gasdetector

Stationary Gasdetector
with Smart Sensor

Applications

- ✓ Water quality monitoring
- ✓ Water purification for boilers
- ✓ Water purification for beverage industry
- ✓ Cooling tower control
- ✓ Descaling of cooling towers
- ✓ Water softening, Osmosis and Reverse Osmosis
- ✓ Water purification for hospitals or laboratories
- ✓ Water treatment for swimming pools, wellness

What are we looking for in Greece?

- Sales and Service Partner

- Customers

- Water purification applications

Main segments

- Water Quality Monitoring
- Boiler feed
- Colling towers
- Beverage industry
- Pharmaceutical industry
- Hospitals, clinics

Customer satisfaction is our main goal.
The challenge for us is always to develop the optimal solution for the needs of our customers and to create a **win-win situation**.
