

THINK DIGITAL -
AGILE SOFTWARE
DEVELOPMENT
FOR SHIPPING AND
LOGISTICS

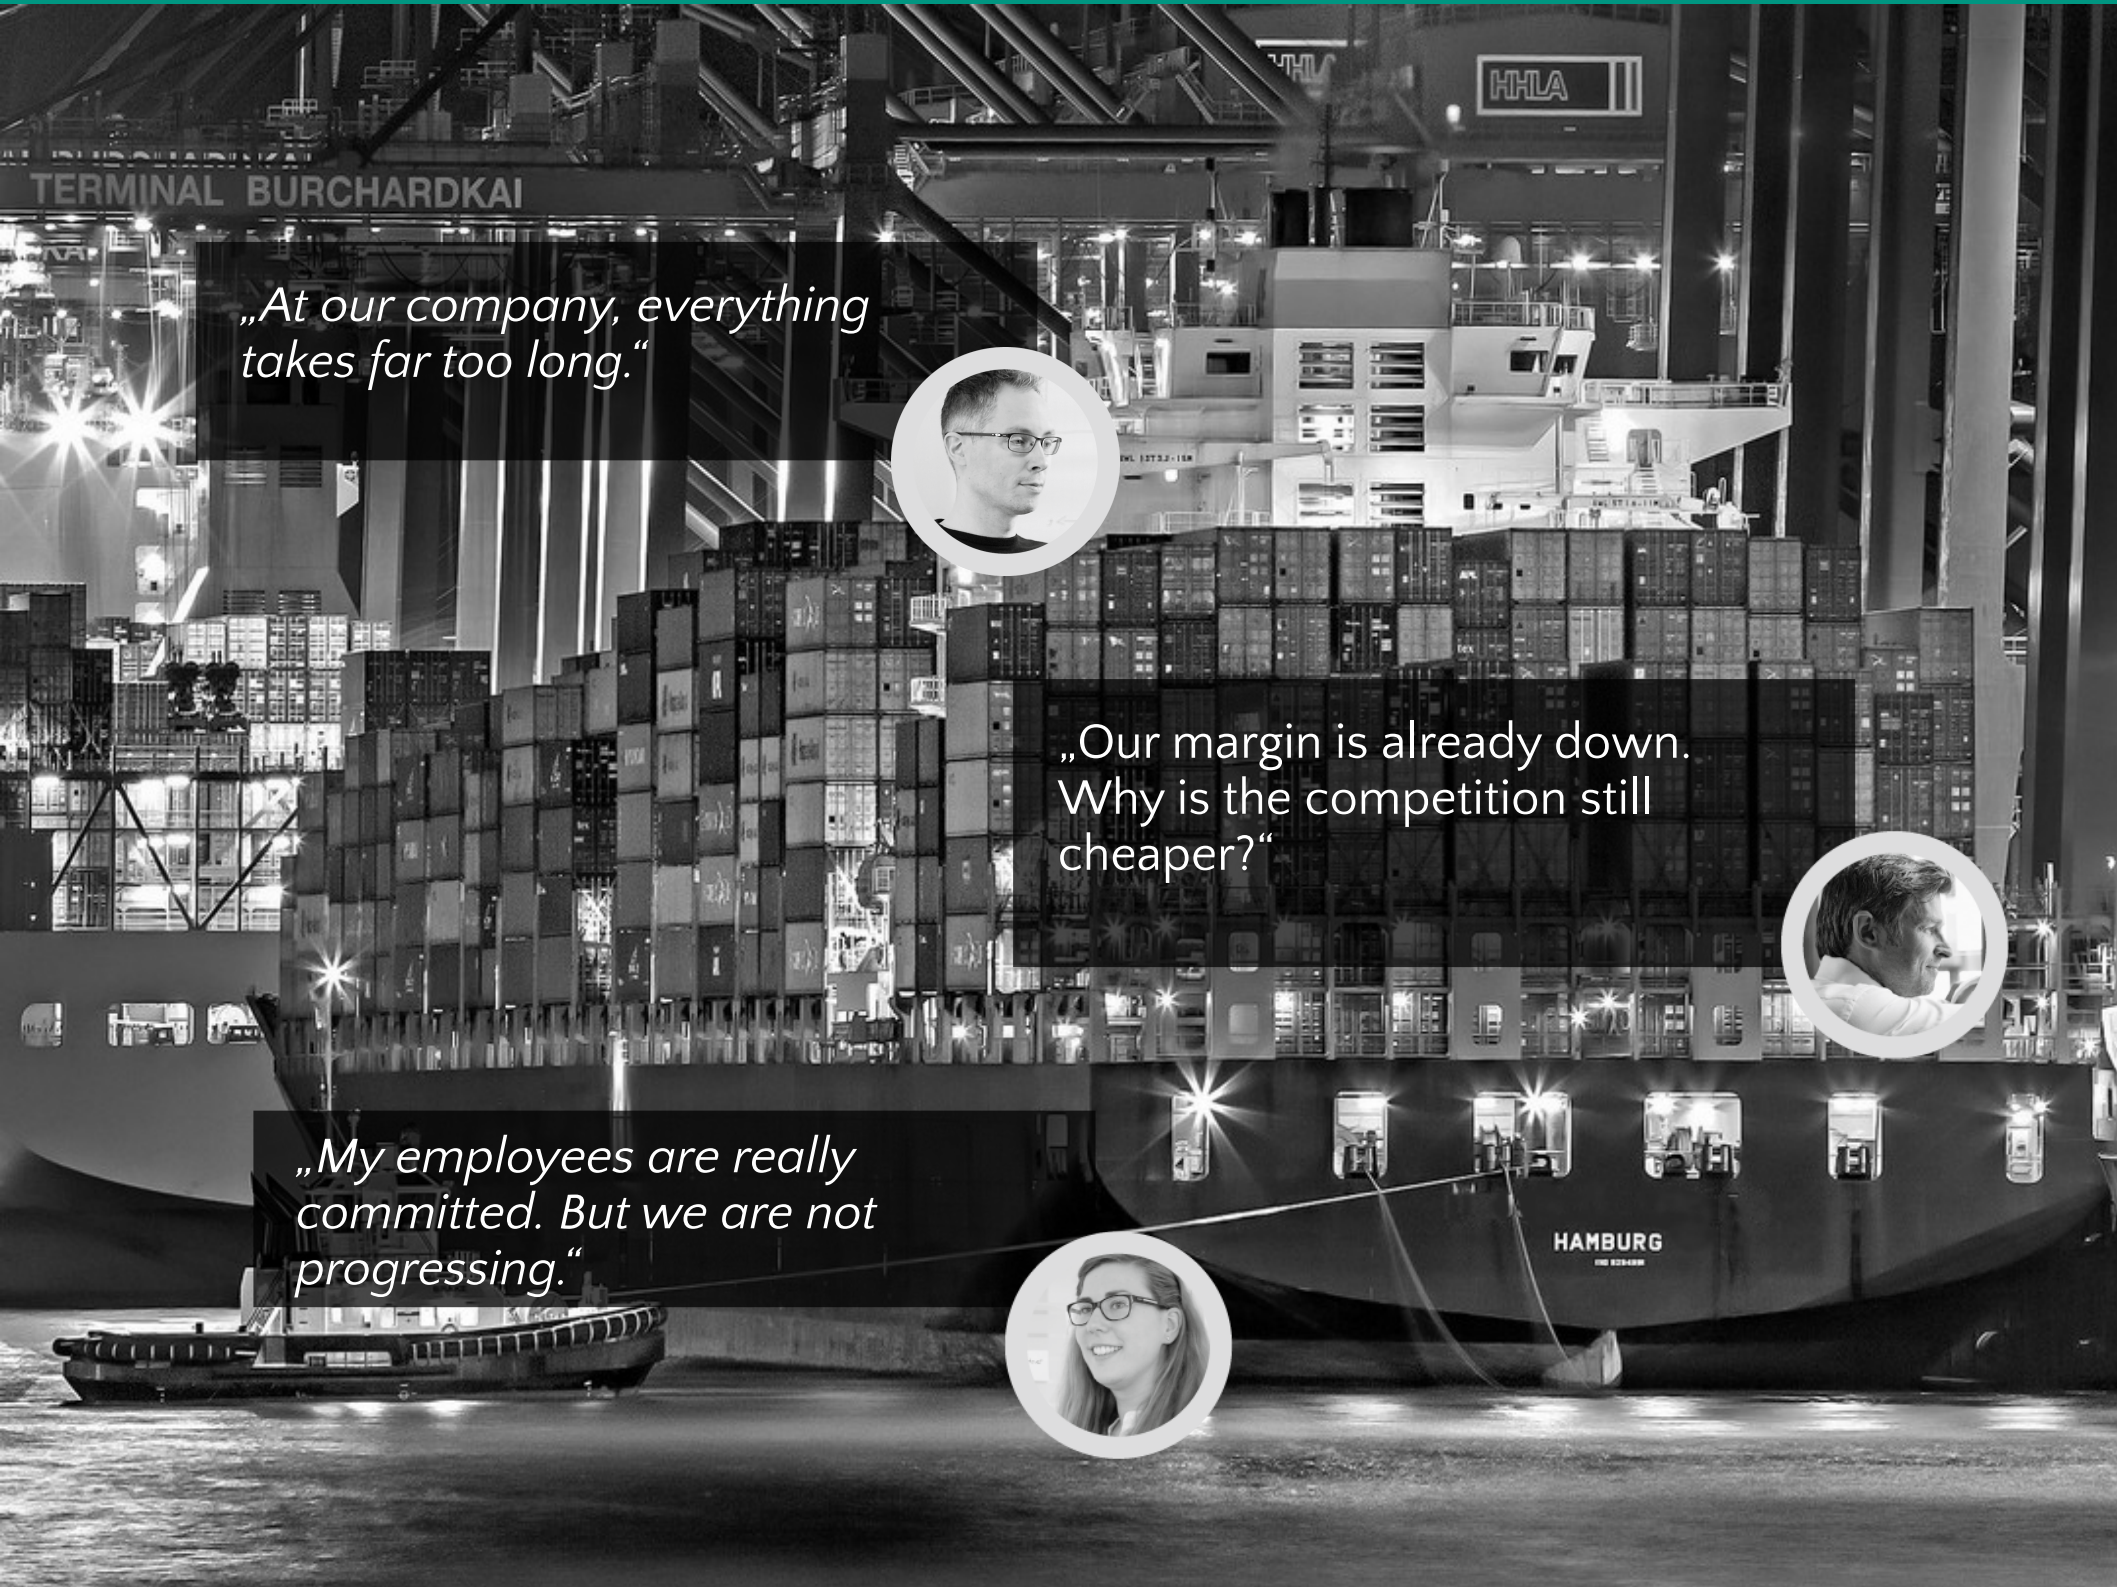

THIS IS WHAT WE STAND FOR

We connect companies worldwide with cloud, software and integration solutions. This is how we automate and standardise the data exchange between all parties. Logistic processes become easier, faster and more effective. That means: More space for growth and sustained success.

YOUR PARTNER FOR DIGITLAISATION IN MARITIME LOGISTICS

- ✓ Since 1998 we are the leading provider of digital tracking, reporting and analysis software in the maritime logistics
- ✓ Inventor of manual reporting
- ✓ Specialist for operational processes in the maritime transport chain
- ✓ An experienced and flexible team located in Hamburg
- ✓ Prestigious customers like Hamburg Süd, E.R. Schiffahrt, Harren & Partner and many more

„At our company, everything takes far too long.“

„Our margin is already down. Why is the competition still cheaper?“

„My employees are really committed. But we are not progressing.“

„We spend too much time on paper & e-mail.“

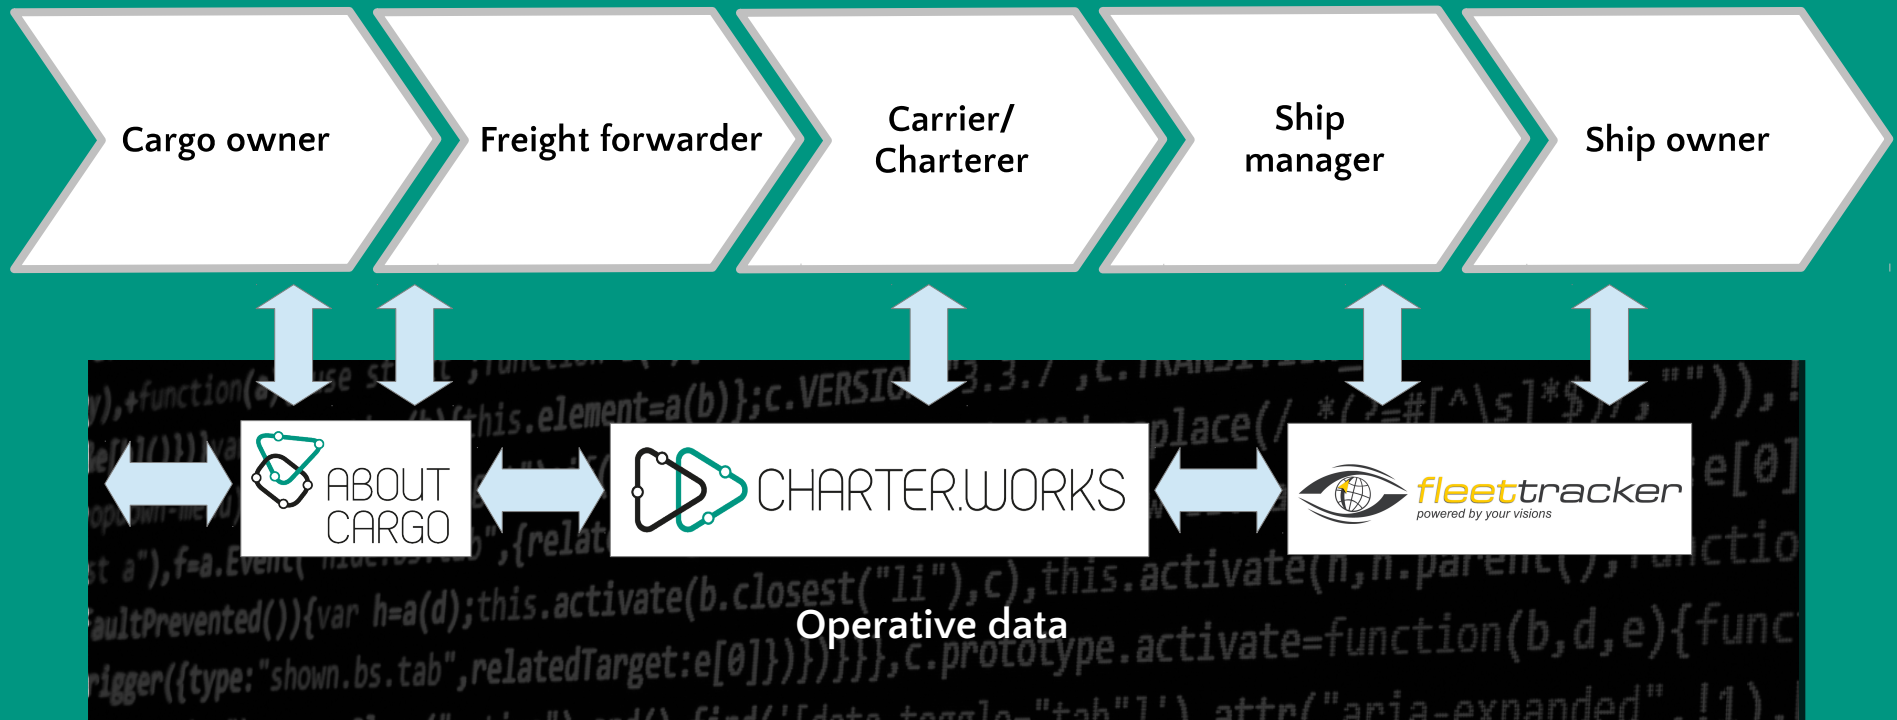

- *„Amazon & the others are taking our businesses.“*

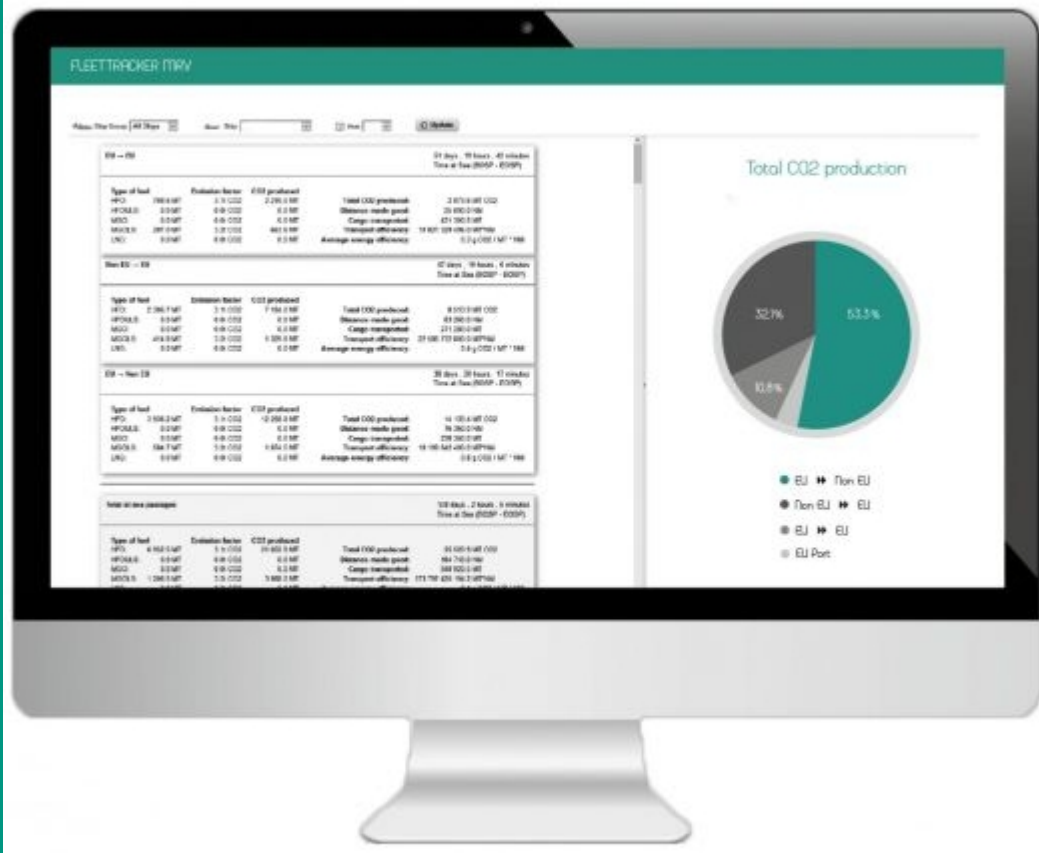

„The customers are getting more demanding.“
